## TRAVEL ASSISTANCE GUIDE

All Hands on Deck Maritime Training have been conducting maritime training since 2004. In this time we have trained 000's of people from all over Australia even though we are based in Newcastle. We regularly receive candidates in our courses from Nth and Central Qld, SA, NT and Victoria as well as NSW.

The primary reason that people travel is that the course can be completed quickly by commencing online at any time and completing the online assignments at your own pace. Then each month we conduct the 'practical session' where candidates are required to attend Newcastle to finish the course for just 5 days.

To assist with minimal time away from work we always commence the course on a Friday and finish on the following Tuesday. (Fri-Sat-Sun-Mon-Tues)

As a result this guide is designed to assist with planning the final session with regards to accommodation and flights etc. The places listed are where previous candidates have stayed and we have received good reports about them and also because they are within walking distance of our training vessel.
